Work Experience

Graphic Designer, Wood, Mining (acquired Amec Foster Wheeler in October 2017)
March 2016–Present
- Design and marketing support within business and across the global organization
- Develop and design internal/external marketing communications, collateral, and corporate initiatives ranging from social to corporate to business
- Compile and organize various statistics and information, and develop content into visually appealing infographics
- Re-imagine and modernize presentations based on technical jargon-heavy content to reflect branding-suitable professionalism and presentation appropriateness
- Rebrand and modernize subsidiary company (Terra Nova Technologies) by establishing a thorough brand guideline, advertising, brochures, templates for stationary and presentations

Technical Publisher, Amec Foster Wheeler, Training & Development (acquired Foster Wheeler in November 2014)
October 2011–February 2016
- Coordinating, refining and compiling training deliverables, involving highly specialized, technical information
- Develop templates and standards based on client specifications
- Translate vendor specifications, such as P&IDs, into simplified illustrations
- Utilize graphical materials given and rework, by editing and rearranging to fit client project requirements

Web Administrator & Graphic Designer, Broadway Camera
August 2010–July 2011
- Maintenance of e-commerce website and community forums
- Create and manage online marketing campaigns regularly through newsletters and advertising
- Design promotions and sponsored event advertising: posters, pamphlets, web banners

Web Application Design Specialist, Calgoo Software
May 2007–September 2008
- Create and design workflow and rich visuals for web 2.0 and Java-based environments
- Design and maintain corporate and product portals
